

Racquetball Court Layouts

Racquetball and Handball

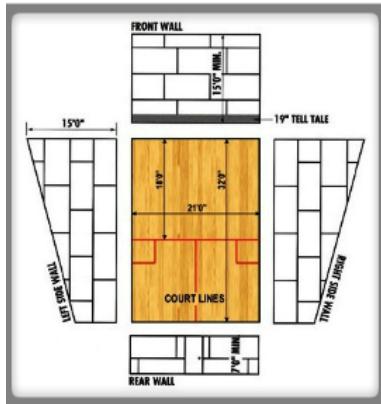

20 x 40 x 20 (6.09m x 12.19m x 6.09m)

Rough Framing Dimensions:

Length – 40'2 (12.24m) from the face of the front wall studs to the face of the opposing rear wall studs.

Width – 20 1-3/4 (6.14m) from the face of the left side wall studs to the face of the opposing right side wall studs.

Height – 20 3-3/16 (6.17m) from the low point in the concrete slab to the bottom of the joist. This dimension utilizes the standard floor height of 2-5/8. If another floor height is utilized, please contact our office.

Squash Court

21 x 32 x 20 (6.40m x 9.75m x 6.09m)

Rough Framing Dimensions:

Length – 32'2-1/4 (9.81m) from the face of the front wall studs to the face of the opposing wall studs.

Width – 21'2-1/4 (6.46m) from the face of the left side wall studs to the face of the opposing right side wall studs.

Height – We recommend a finished court height of 20 (6.09m) with court wall markings at regulation height.
